# Hi, I'm Phil

## Designer | Front-End Developer

## About

Currently working through a bootcamp on front-end development. I also have a background in graphic design so naturally I'd like to get into UX/UI as well as gain a career in front-end development. Over the years I've had a keen interest in coding and devlopment. With the hope to contribute in creating beautifully crafted websites to the online world.

## Work

### Welcome to A.E & J.C Roofing

Serving East Yorkshire towns and villages

AE & JC Roofing

Horiseon

Crypto Landing Page

Credit Card Checkout

Code School Mockup

## Contact

If you would like to collaborate or even just say Hi!
